D. Legal annotations

1. The applicant agrees to treat in confidence all information and data he/she obtains directly or indirectly through the Karmann Extranet and to use such information and data only in context with the Wilhelm Karmann GmbH orders.

The applicant agrees specifically to refrain from passing on such information and data to third parties or making it available to third parties in any other form and to take all appropriate measures necessary to assure third parties have no access to this information and data.

2. The commitments stated in item 1. also extend to cover all of the applicant's employees and agents irrespective of the type and design of their legal relation. The applicant agrees to subject these individuals to such commitments to the extent this has not already been done.
3. The applicant assigns the user stated in section C. to the sole authorized user of and responsible officer for coordination of the data within the company. The applicant agrees to report any personnel changes related to the user stated in section C. (e.g. transferal to a different department / different company) to allow a new access authorization to be issued.
4. The applicant will regularly scan the Karmann Extranet for new information. The applicant is responsible for any damages and consequential damages caused by his/her use of outdated data.
